

The Harman

Oak Framed Annexes, Chalets & Garden Cottages

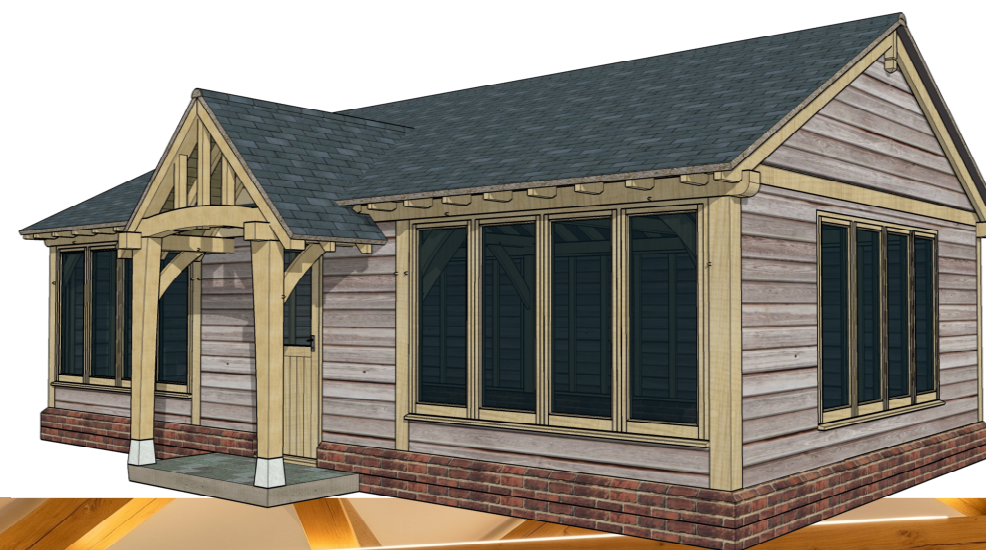

Beautifully crafted, self-contained accommodation designed to enhance your lifestyle and add lasting value to your property.

Elegant, Independent Living in Oak

Oak framed ancillary accommodation - whether a granny annexe, guest cottage or holiday let - offers a flexible, future proof solution for modern living. These timeless buildings provide independence, comfort and privacy, all while keeping loved ones close.

Designed Around Your Lifestyle

Our single storey annexes and two storey garden cottages are crafted from our signature oak framing, with exposed beams, trusses and purlins creating instant character. Features such as dormer windows, French doors and full height glazing bring natural light and a sense of connection to the outdoors.

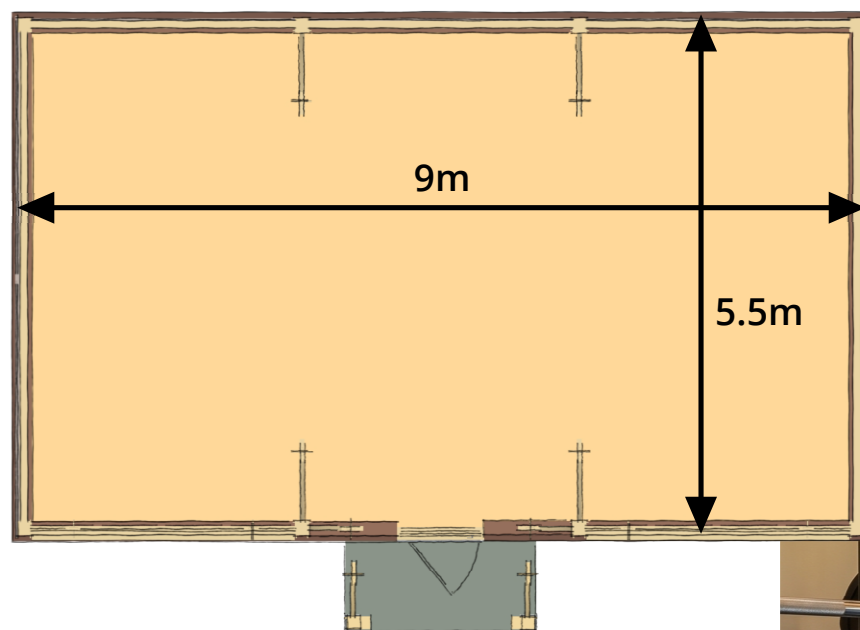

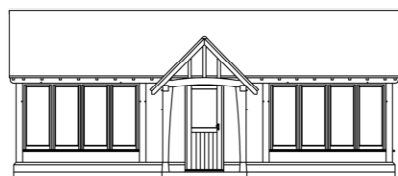

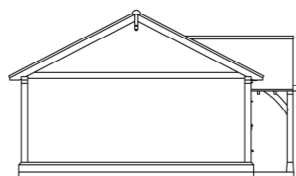

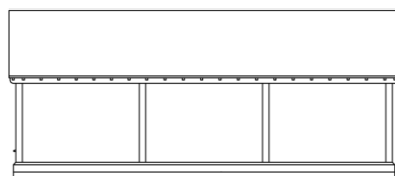

Work, Live & Create

A beautifully crafted fitness space designed for strength, wellbeing, and year-round training.

An oak-framed garden gym is a premium standalone building that blends traditional craftsmanship with modern performance.

Built from substantial structural oak and finished with high-quality glazing and insulation, it creates a warm, motivating environment perfect for workouts, wellness routines, and personal training sessions.

Each gym is formed from traditionally jointed solid oak, using mortise-and-tenon connections secured with oak pegs. The exposed beams, braces, and natural timber grain create a calming yet energising interior, while the exterior gently weathers to a soft silver tone that enhances any garden setting.
